ARTIFICIAL INTELLIGENCE.

Being part of Europe's largest manufacturing group, you can rest assured we are at the forefront of product development.

BACK A WINNER.

It's easy to fall in love with Namgrass for its look and feel, but we all know looks aren't everything – so why else should Namgrass be the product of choice:

- ✔ Namgrass utilises a unique 'pile anchorage' system called 'Tuftlock', this ensures all the lovely fibres stay put and stand the test of time.
- ✔ Fibre quality – Namgrass utilises only the finest grade of ingredients to create its products.
- ✔ At Namgrass we take our time to ensure each and every product is optimised to guarantee the very best 'blend' of materials, density and stitch rates.
- ✔ ALL Namgrass products benefit from a thick layer of latex to protect the backing and product integrity.

LIKE REAL GRASS ONLY BETTER.

We'd all love an immaculately manicured lawn. But unless you've got a full-time gardener, it's not going to happen. And if you have kids or pets, forget it. Fear not, with Namgrass your lawn's always perfect, no matter what the kids, pets or weather have been up to. Handy if you want to throw an impromptu garden party.

- ✔ A perfect-looking lawn every day of the year.
- ✔ Look and feels like real grass.
- ✔ No more fussing, digging or mowing.
- ✔ Kids can play without creating a mud bath.
- ✔ Made for pets and easy to clean.
- ✔ Great if you're allergic to grass pollen.
- ✔ Garden is always perfect for entertaining or relaxing.
